

Borefts Bier Festival 2010

24 en 25 september 2010

Official Festival Programme

Welcome

What a delight to have you here at our second Borefts Beer Festival! Our goal is to promote good craft beers that are brewed all around Europe to a wide public and with you being here we gained another soul we hope. If you are already a member of the real beer loving crowd than it's just as great to have you here as we can offer you the most wonderful, original and exclusive beers from Europe.

In total 10 breweries are attending this year presenting 7 countries. We have over 90 beers that go from easy going to powerful and complex. From very sweet to very sour. From refreshing light bitter to harsh and spicy. You name it, we have it! Except a pale lager or pilsner. Not that there's anything wrong with a cold pint but you can get it anywhere.

Last year we did a pilot for the festival and it turned out great. Hundreds of people filled out our suggestions form. The most heard suggestion was to have a festival programme. And as you can see we listened to that suggestion. The second most heard suggestion was to continue the festival. And we did as well. Just like more beers with lower ABV, one location instead of two, water bottles and a two day festival instead of just one.

We hope you'll have fun!

Brouwerij de Molen

Who brewed the best Vuur & Vlam?

We thought we'd do a contest this year. There are so many great breweries present but who brews the best? There's only one way to find out in our opinion: they should all brew the same beer. So Brouwerij de Molen gave away a little part of their most kept secrets: the recipe to Vuur & Vlam, a light India Pale Ale. Almost all brewers brewed their Vuur & Vlam to this recipe. It's up to the visitors of the festival to decide which brewer made the best Vuur & Vlam.

Food with beer

The De Molen's restaurant has a growing reputation in preparing good food and pairing the dishes with good beers.

During the festival freshly baked bread with our beer pate, local cheese, ham or tuna salad will be available the whole day.

Starting at 5:00 PM two warm dishes will be served:

Beef & Beer: a beef stew

Live & Let Live: a vegetarian stew

Both prepared of course with De Molen beers.

Food can be bought and paid with cash only in the brewing room.

Prices:

Sandwiches	€ 4,50
Warm dishes	€ 7,50

Water-girl

During the festival we advise you to drink (also) plenty of water. This does not only prevent you from dehydration but it also cleans your taste-buds.

Our 'Water-girl' serves mineral water for only € 1,00 a 50cl bottle.
